PRINCE CHARMING ANNOUNCES ENGAGEMENT TO CINDERELLA

A Royal Wedding to Unite the Kingdom in Joy and Celebration

ENCHANTED KINGDOM, October 19, 2025 — The Royal Palace is delighted to announce that His Royal Highness Prince Charming has formally asked Cinderella, heroine of the Glass Slipper, for her hand in marriage. She has joyfully accepted. This momentous occasion marks a new chapter of love, unity, and hope for the Enchanted Kingdom.

The proposal took place last evening in the Royal Gardens beneath a canopy of starlight, where Prince Charming presented Cinderella with a diamond tiara, symbolizing his devotion and admiration. Close friends, fairy godmothers, and royal advisors gathered in celebration as the couple pledged their future together.

Preparations for the royal wedding are already underway. The ceremony will be held at the Grand Cathedral in the capital, followed by a week of festivities across the kingdom. Citizens can look forward to a royal parade through the city streets, grand banquets, live musical performances, and the release of lanterns illuminating the skies in every village.

In a statement, Prince Charming said, “From the moment I first held the glass slipper, I knew my destiny was forever tied to Cinderella’s. Today, I am the happiest man in the kingdom.”

Cinderella added, “This is more than a love story—it’s a story of kindness, courage, and never giving up on dreams. I am honored to stand beside Prince Charming as his future queen.”

The Royal Palace, with its centuries of history and tradition, continues to serve as the heart of governance and unity for the Enchanted Kingdom. This engagement signals a future of hope, joy, and prosperity for all who call the kingdom home.
